Sixth Sense

Mar 11:22 And Jesus answering saith unto them, Have faith in God.

Hello Friends,

A few years ago there was a movie that came out called The Sixth Sense. It was about a young boy who could see dead people and he tried to help correct things for them. The movie was very intriguing. Could we actually have a sixth sense? The answer is absolutely!!

Now we all know that we have five senses in our natural body; the senses of sight, hearing, taste, smell, and touch. So in our natural elements we rely on these natural fundamental senses. However, in spiritual realms

Clean it Up!

When I came home from a two day trip the other day, I noticed everything in my house was covered in dust. I walked by my armoire and realized that I could write my name in the dust that had accumulated in two days. The rest of the furniture was the same way...dust everywhere. I walked into the office and all around my computer was dust particles. I took the little swiffer and started to run it around the desk and stirred up a whole bunch of dust.(hadn't dusted in there for a week or two) I began to sneeze and my nose was runny and I had to carry around a tissue half the day because I

we have another sense, a Sixth Sense if you will. We are born with this sixth sense. It's called Faith. When we sit down in a chair we have faith that it will hold us up. When we turn on our computers or televisions we expect them to work. This is faith.

Now let's turn to more important things. When we have issues in our lives like sickness, we should expect God to take of them. Right? So many times we automatically turn for the medicine cabinet instead of expecting our Creator to take of it. Let's look at the woman with the issue of blood in Luke chapter 8. She knew that she needed a touch and the bible says she spent all of her earthly possessions at the hands of doctors. Then her sixth sense was activated and she pressed her way through to Jesus and received her healing. God always rewards Faith!! We have to have faith to please God. Scripture says its impossible to please Him without it. Blind Bartimaeus activated his sixth sense when he heard Jesus passing by. He began to cry out, even shouting at the Lord because he expected Jesus to heal him.

I wonder what would happen if we had faith in God like we do in our vehicles or electricity? I think we would see a greater manifestation of miracles and deliverance in our homes, our jobs and relationships. Who knows, maybe instead of seeing dead people like the little boy in the movie, we could raise

had stirred up a bunch of dust. How in the world could so much dust gather in such a short time? I live near rock quarries and I know we have our share of dust, but this seemed ridiculous.

I finally cleared off the furniture in the living room and the tables in my bedroom and got rid of the dust, (not so successful in my office) I have a tendency to leave my office cluttered and I didn't want to mess with it. It would take too much of my time.

It then dawned on me...my mind is the same way. Dust and grime attach to my brain everyday from watching the news, listening to gossip, repeating gossip, arguing, complacency, and just every day things that we consider normal. We must renew our minds daily. **Rom 12:2 And be not conformed to this world: but be ye transformed by the renewing of your mind, that ye may prove what [is] that good, and acceptable, and perfect, will of God.**

How do we renew our minds? **Eph 5:26 That he might sanctify and cleanse it with the washing of water by the word,**

Refresh your mind with His word everyday. Talk with Him everyday. Think on good things, things of good report, in other words, think upon the beauty and not the ugly, think on the best and not the worst, say good things and not bad things, think on

some dead people in our churches and neighborhoods. That would make a major difference in our lives both spiritually and naturally.

We could see a difference in our land if we only had faith...only believe... have faith in God...have THE faith of God. There would be a great difference.

these things and it will change your life. Your outlook will be different.

As I clean the dust from my home, I shall continue with my inner man and clean up the dustiness of the world that enters into my eyes, into my mind, into my spirit, everyday. Clean it up! Get rid of the dust! It accumulates quickly without you realizing. Wash your spiritual body as you do your physical body! Let the freshness of His word, cleanse you from head to toe, everyday.

I wrote a little song, 🎵 Jesus will heal you and make you whole. Jesus will heal you, body and soul. If you will offer up all of your heart and let Him in, Jesus will heal you and make you whole. 🎵
